THE GLOBAL GOALS

For Sustainable Development

What is Sustainable Development?

The background features several decorative circular patterns composed of colored segments, resembling a stylized globe or a circular mosaic. These patterns are scattered across the top and bottom of the image. The colors include shades of blue, green, yellow, orange, red, and purple.

Sustainable

keep doing it over and over
again for many generations

Development

promote growth in society (i.e.
education, employment, health, etc.)

WHAT IS SUSTAINABLE DEVELOPMENT?

*** Brain Break ***

KEY TERMS

- SOLIDARITY
- CHARITY
- EMPOWER

On the following slides: brainstorm ideas and words you think of for each key term.

What is solidarity?

The background is white and features several circular icons representing the 17 Sustainable Development Goals (SDGs). These icons are arranged in a scattered pattern around the central text. Each icon is a ring composed of 17 colored segments, with the colors corresponding to the SDG color palette. The central text is contained within a large, light blue, cloud-like shape.

Solidarity

United among individuals or groups in relation to an agreed upon and shared goal, belief, action, etc.

What is charity?

Charity

Voluntarily helping; traditionally in the form of money but can also be a service to those in need.

What is empower?

Empower

Giving power to a person or a specific group.

MDGs VS. SDGs

- One key difference between the MDGs and SDGs is that the **MDGs focus on the developing world (charity)** and the **SDGs focus on everyone (empowering and solidarity)**.
- **Charity** is a “**top-down approach**” that creates a power imbalance because it implies a donor (us) and a recipient (them), usually in the form of money.
- **Solidarity removes this power imbalance** because it creates mutual partnerships based on respect, where people are unified despite their gender, political, economic, racial, national, or social differences.

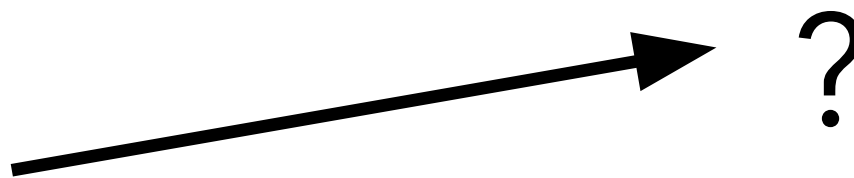

The Global Goals as a jigsaw puzzle

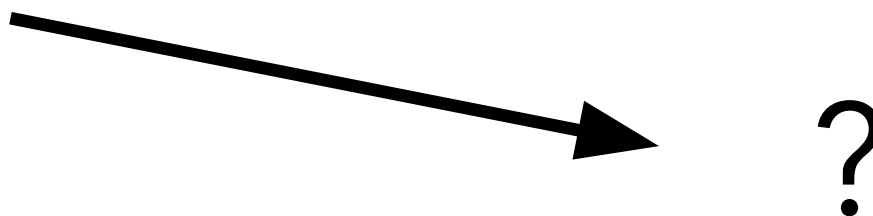

What other Goals might be impacted if we achieve Goal 4?

What other Goals might be impacted if we achieve Goal 4?

The Global Goals as a jigsaw puzzle

What Actions Can we Take to Attain the Sustainable Goals?

GLOBAL CITIZENSHIP

is the idea that everyone is part of a worldwide community.

There are four parts including:

1. civic responsibilities
2. cultural awareness
3. environment
4. global economy.

OUR INQUIRY QUESTION

CGC1D/P

**Can we, as Canadian and global citizens,
sustain our standard of living and yet work
towards a more environmentally friendly
and equitable society?**

- 
- The background of the slide is white and features several decorative circular patterns. These patterns are composed of colored segments in various colors including red, orange, yellow, green, blue, and purple. Some are full circles, while others are partial arcs. They are scattered across the slide, with some appearing larger than others.
